

# Become a Friend Today!

Becoming a **Friend of the Library** is a great way to show your support for the Charleston Public Library, help fund library programs, and encourage reading in our community. Here in Charleston, the Friends also are a vital means of support for the thousands of library programs each year. Money raised by the Friends supports a wide variety of programming like STEM learning activities for children, computer classes for job training, and lectures from local historians, just to name a few. When you become a Friend you join thousands of others in Charleston who want our libraries to have the resources they need to serve our community.

Join the Friends today! Membership is only \$25 for individuals and \$40 for families. Memberships last for an entire year.
